Experience

Lead Developer / Software Development Manager
Pattern

📅 12/2019 - Ongoing   📍 Lehi, UT

Oversee creation and maintenance of Pattern's 12 direct-to-consumer sites.

Design and develop project-specific solutions, choosing cost-benefit and scale appropriate technology ranging from AWS Lambda & Dynamo DB to full Rails or React apps to Zapier & Google Sheets.

Hire & manage overseas developers and QA.

Work with product managers, clients, and users to collect technical requirements and break projects into individual tasks.

Integrate with Pattern's suite of fulfillment and reporting software.

Team Lead
Christopherson Business Travel

📅 8/2019 - 12/2019   📍 Murray, UT

Manage and lead a team of developers.

Organize and lead multiple team meetings including all agile lifecycle meetings.

Participate in the hiring process and train new junior developers.

Full Stack Developer
Christopherson Business Travel

📅 4/2019 - 12/2019   📍 Murray, UT

Full stack software developer for the nation's 22nd highest grossing Travel Management Company.

Develop using React and Java.

Additional experience working with Hibernate, Spring, PHP, and JQuery.

Projects

House Hunt Web App
Ruby

A simple rails app to pull data from Coldwell Banker real estate listings and organize the houses.

Simple Weather App
Java

Android app that uses GPS location services or user input ZIP Code with OpenWeatherMap API and JSON parsing.

Achievements
